A PHOTOGRAPHY JOURNEY

Iceland 2027

APRIL 5 TO 14 · TEN DAYS · A GROUP OF EIGHT · WITH ROBERTA MARROQUÍN

WELCOME

Iceland, through the *lens*

I first came to Iceland in 2018, and I have returned several times since, always with a camera and no schedule but the light. Now, for the first time, I will share it as a workshop.

Over ten days we will travel the island slowly, in the places and at the hours when the light is at its best. It is a journey to refine the way you see, to make images that truly belong to you, and to come home with more than beautiful photographs.

Roberta Marroquín, fine art and documentary photographer with more than thirty years of experience, leads the journey together with her assistant.
